

Create a Scene!

Set the stage and who knows what tales might unfold...

You will need:

cardboard boxes

Tape

Scissors

Coloured paper or card

Any other materials that you want to use like tissue paper, lollypop sticks

1. Choose your scene, think about what you want to create - your living room, a forest with moonlight, a haunted house, a tropical island, a Victorian dolls house, an ocean floor?
2. Get your box ready by cutting off any loose bits, make it tidy. Then you can start sticking your card and materials on top.
3. Start painting!
4. Decorate it with any materials you like.
